

OPPORTUNITY FOR A YOUNG PROFESSIONAL LAND SURVEYOR

NPM Geomatics, a well established and diversified Land Surveying company, is looking to invite a young, forward thinking professional land surveyor (PLS) to join their team in the Eastern Cape.

The work profile is dynamic and entails cadastral, topographic and engineering projects of varying size and complexity.

The profile of the person we are looking for is as follows:

1. Confident, well presented, neat and organised.
2. Strategic and creative thinking skills, combined with the ability to work within a dynamic, multi-cultural team environment.
3. Articulate in English with good people and communication skills.
4. Strong work ethic combined with a willingness to integrate and contribute to the efficiency of the company.
5. An ability and willingness to work under pressure and travel extensively in the Eastern Cape.
6. Posses a high level of IT and mobile proficiency.
7. A working knowledge of Civil Designer, Trimble, Nikon and Planet GIS products will be advantageous.
8. A valid & clean driver's license (code 08), plus the ability to drive a 1 ton bakkie, is essential.
9. Registration as a professional land surveyor for between 1 – 5 years.
10. The ability to speak isiXhosa will be advantageous.

Compensation is competitive and will be negotiated prior to appointment.

Interested applicants are invited to email the following to Colin Davies at colin@npmgeomatics.co.za:

1. Letter of motivation
2. Concise CV
3. Copy of ID document
4. Copy of PLATO Registration
5. Copy of driver's licence

Issued on 12th January 2012.
